IMPORTANT NOTICE

PLEASE READ CAREFULLY

PRESCRIPTION PLAN CHANGE Effective January 1, 2018

On January 1, 2018, your prescription benefit manager will change from Express Scripts, Inc. (ESI) to EmpiRx Health (EmpiRx).

EmpiRx will be the name on the new card you will receive in the mail prior to January 1, 2018. If you have a new address, please notify the Fund Office in writing to avoid any mailing delay.

It is important that you bring your New Card to your pharmacy (approximately 56,000 participating USA pharmacies are in-network, this excludes Walmart), so that they will be able to update your information and continue to provide the eligible prescription benefits to you. There will be no change in the benefits that are provided to almost all of the participants in the Fund. If you notice a change, please contact the Fund Office for assistance.

If you are taking a maintenance medication through the current mail order service, the Fund has arranged for any remaining refills to be transferred to EmpiRx Health BeneCard Central Fill Home Delivery service and you will be able to refill your remaining prescriptions without having to get a new one from your doctor. This transition should be complete shortly after January 3, 2018.

If you are currently getting your prescriptions through the ESI Specialty Pharmacy Service - Accredo, your prescriptions and information will be transferred to EmpiRx Health BeneCard Central Fill Specialty Pharmacy Service - for future services.

Please call the Fund Office if you have any questions. You will be sent additional information with your new EmpiRx prescription drug cards. In order to eliminate any disruption, please do not forget to bring your New Card to your pharmacy to fill your prescription and update your records.

Sincerely,

Maurice Hodos
Fund Administrator
