## Covering 1.4M lives & growing

# Outcomes you can count on

Our programs are proven to work better than the gold standard in MSK care by 30%, and save both members and businesses money by removing the need for surgeries and other costly treatments.

“What a gift to be able to have first class physical therapy at home through the superior technology of Sword. After 7 weeks I feel like a new man.

# Human care meets superhuman tech

**Physical Therapists**

We match members with a Doctor of Physical Therapy who identifies their condition, develops a therapeutic exercise program, and educates and coaches them to better health.

**Digital Therapists**

Our FDA-listed Digital Therapist guides members through an exercise program designed just for them, gives them live feedback, and corrects their form - all supervised virtually by their physical therapist.

**Member app**

The Sword Health app helps members make changes that last. Members use the app to chat with their PT, learn about their condition and train their brain with guided behavioral therapy sessions.
