Outcomes you can count on

Our industry-leading retention rates guarantee that more of your employees will stick with the program and get results. This means a more productive workforce and greater cost savings for your business—not to mention a terrific return on investment.

Before, my pain was so bad that I couldn't sleep. Now... I've completely stopped my medication. It really has changed my life."

Sara, chronic low back pain

Human care meets superhuman tech

Physical Therapists

We match members with a Doctor of Physical Therapy who identifies their condition, develops a therapeutic exercise program, and educates and coaches them to better health.

Digital Therapists

Our FDA-listed Digital Therapist guides members through an exercise program designed just for them, gives them live feedback, and corrects their form all supervised virtually by their physical therapist.

Member app

The Sword Health app helps members make changes that last. Members use the app to chat with their PT, learn about their condition and train their brain with guided behavioral therapy sessions.

The Academy

Right Inside the Sword app, members can access original video content that teaches them about injury and pain prevention—all developed by our own clinicians.

Sword On-Call

Give your workforce instant access to a SWORD expert who can answer their most pressing questions. It's like putting a PT into every employee's pocket.
