Cancer Navigator

Lung Cancer Treatment Has Come a Long Way

November is Lung Cancer Awareness Month. Advances in targeted therapy and immunotherapy have expanded treatment options and improved outcomes in recent years.

Screening Tip
Adults ages 50-80 who smoked one pack per day for 20 years should talk to their doctors about screening.

When cancer affects you or your family, it can feel overwhelming. That's why CancerNavigator is part of your benefits.

CancerNavigator is available to any patient on the UFCW National Fund Health Plan facing any type of cancer.

CancerNavigator connects you with experienced oncology nurses who can:

- Prepare for upcoming appointments with tailored questions
- Coordinate appointments and treatment logistics, including second opinions
- Connect you with transportation, mental health, nutrition, and financial support resources

Provided by your Fund. No cost to you.

To reach your Oncology Nurse Navigator: **(201) 308-6555**

Or visit www.cancernavigator.com/ufcwnationalfund to learn more

You can contact us directly at any time – early support can make a difference. Participation is voluntary and confidential.
